FRANKFORT, KY .- Gov. Leslie is making good use of the short time that remains before he vacates the Gubernatorial Mansion. He is distributing aptorial Mansion. He is distributing appointments and commissions with a liberal hand. He created a batch of Colonicis the other day, numbering thirteen in all, and appointed them aides. They are, of course, expected to do gallant service in the field, and no doubt more than one gory battle ground will witness the deeds of daring of these gallant gentlemen. The fundiest appointment of all is that of "Col." Edmund T. Daff, son of Hon. Geo. T. Duff, Assistant Secretary of State. The Colonel is only about six months old, but will probably do as efficient work in the field as his seniors.

Deposits, des Circulation

The above out represents the Hon. Daniel S. Dickinson, former Attorney Goneral of the United States, as seen when attacked with STRANGULATER RUPTURE.

Mr. Dickinson suffered intensely, notwithstanding he had the best surgical aid. Everything was done that science could suggest, and as the last remedy the knife used, and yet he died in great anguish on the third day. This is a fearful warning to those who are ruptured.

RUPTURE---HOW CURED. Mu. George E. Earings, of Philadelphia, whites the following interesting Par-ticulars:

Whites the following interesting Particulars:

To the Editor of the New York Sun:

Six—For several years I was afflicted with ripture and suffered from the use of trusses. Casually noticing in your paper a recommendation of Dr. Sherman of your city, and about the same time meeting Mr. J. W. Ayres, of Camden, N. J., who informed that he had been a victim to rupture and was cared by Dr. Sherman's treatment, I fels animated and went straightway to New York, consulted Dr. Sherman, and had him adapt his remedies samy case. It was to me a happy courreace, and I shall ever feel grateful is you and Mr. Ayres for having directed my attention to Dr. Sherman, as well as to nim for the safe and comfortable manner in which he treated my case. My mind was greatly oppressed, and my facure was shadowed, as I was trying various trusses for help with no other result than vecation and injury. But now being sound again, and realizing its felicity, I feel it my imperative duty to add my testimony in favor of Dr. Sherman's remedies, and to recommend the ruptured is go to him with the fullest confidence of being benefited.

We cheerfully publish the foregoing com we encertuity publish the lorgony com-nication, believing it may result in beau-some one. Mr. Enkings is a subscriber to Sun and a reliable gentleman. His states will doubtloss reach many sufferers who with our vouching for its trubulness, cause to feel as grateful toward him as he feels toward Dr. Sherman. The foregoing remarks from the New York Sun must be cheering to those who are rup-

Sun must be cheering to those who are ruptured.

The cure is effected by Dr. SHERMAN'S method without any operation, simply by external local applications, both mechanical and medicinal, mass daily by the patient, who, while under treatment, can perform any kind of labox, or take the most active exarcise with perfect security from dangers or inflamed and strangulated rupture, without the suffering and sinjury caused by the use of trustes, and without interfering with the progress of curs.

Dr. Sherman's office, Park Bow, corner Ann street, New York City. Consultation free. Terms moderate. Persons from the country can receive treatment and return for home same day. Descriptive book mailed for 10 cents.
